# INTRODUCTION

## FISAF Australia Super Series Events

FISAF Australia's Super Series events kick off the annual FISAF Sport Aerobics competition season each year.

These events are designed to provide athletes with an opportunity to perform on stage and receive feedback from the judging panel.

Feedback is helpful in preparing athletes to improve their performance ahead of the State Championship events which are qualifying events for the National Championships.

FISAF Australia prides itself on providing professional, safe events where participants can compete in a fun and exciting environment.

This year we are delighted to offer Super Series events in:

- Coffs Harbour (NSW)
- Adelaide (SA)
- Newcastle (NSW)
- **Gladstone (QLD)**
- Melbourne (VIC)
- Brisbane (QLD)

# LOCATION

Gladstone is a coastal city located approximately 500km north of Brisbane and 100km south-east of Rockhampton. It is well-known for its mining industry, and is home to the world's 4th largest coal-export terminals.

Located on the beautiful Queensland coastline, it goes without saying that there are many wonderful things see and do in and around Gladstone. In recent years, a large parklands development was completed on the harbour which has multiple playground areas, jetties, lookouts, a flowing rock waterfall, outdoor cinema, water playground and so much more.

We are very excited to be hosting an additional Super Series event in this relaxing town and we would encourage anyone who is able, to attend this brand new event in 2022.

# THINGS TO DO

## Eat

Gladstone has so many options for breakfast, lunch and dinner. From restaurants within your hotel, cuisine-specific options (such as thai, italian etc), to pubs, cafes and waterfront casual dining - there are options to suit every taste and budget. Here are some options we recommend:

- [Auckland House](#) - Gladstone's first waterfront microbrewery is definitely worth a visit. Accessible only via a relaxing short stroll along the waterfront parklands, Auckland House boasts delicious food, a wonderful view, and excellent customer service. Open for breakfast, lunch, dinner or even just a coffee/drink - we highly recommend checking this place out!
- [Mantra Hotel](#) - even if you aren't staying at the Mantra, this restaurant provides a delicious option for all-you-can-eat fans. Open for breakfast, lunch and dinner, the range at each meal is impressive, and the restaurant also offers an unlimited drinks package for dinner as well.
- [The Cotton Mill](#) - perfectly located for guests staying at Rydges as it is right near the entrance. This cafe offers room-charge, and has a great option of easy meals and cafe drinks.

## Shop

Gladstone has a wonderful range of shops to suit every budget, need, and style. Between the airport and the city centre you'll find Stocklands Shopping Centre with a Woolworths, and great variety of shops.

In and around the city centre you'll find fashion, decor and craft boutiques, as well as a surf shop, and other shopping options. Most are located in the main street which is where the competition venue is.

## Relax / Play / Exercise

This one is easy! We highly recommend all Super Series guests visit the new waterfront development called East Parklands which located at the bottom end of the main street.

East Parklands boasts several playground options for the kids to enjoy, a waterspout play area, a relaxing boardwalk surrounding the entire parkland, picnic tables and BBQ facilities, spotless bathroom facilities scattered around the parkland, an outdoor cinema, historical structures to read about and observe, a Bootcamp training area, basketball courts, and plenty of space to lay a picnic rug down and relax while breathing in the fresh sea air. You will also find Auckland House which has amazing food (breakfast, lunch and dinner, it's own brewery, and delicious coffee!).

# COMPETITION VENUE

We are so excited to host the very first Super Series event in Gladstone at the Gladstone Entertainment Convention Centre! This venue has so much going for it, including tiered seating, multiple warm-up areas, and lots of room for spectators to move around before and after each session.
