REGISTRATION & MEMBERSHIP REQUIREMENTS

FISAF Australia is dedicated to the development, promotion and regulation of Sport Aerobics in Australia and prides itself on providing excellent service to its members.

The FISAF registration system enables FISAF to maintain a database of all its members which facilitates the provision of relevant products and services to all members. FISAF Australia exists to serve its members and is dedicated to the development, promotion and regulation of FISAF Sports Aerobics within Australia.

To be a registered member (whether club, school or individual member), all registrations & memberships must be paid in full by the required due date. All registrations and memberships must be valid at all times whilst presenting as a FISAF Australia member to the public. All registrations & memberships must be renewed annually.

CLUB REGISTRATION REQUIREMENTS

- Club Name Approval
 - It is important that club names do not pose a conflict to FISAF Australia or any of its existing members (including clubs, schools, and individual athletes) for the benefit of its code. Conflicts can lead to confusion and go against the best interests of other members and stakeholders involved in our sport. In line with this, club names will be subject to approval by FISAF Australia to enable them to successfully register and participate in competitions. Clubs will not be permitted to register if their club name contains any of the below:
 - State/Territory
 - Capital City
 - Region other than a town/city name (such as Southeast Queensland, or Southern Australia).
 - This includes clubs seeking to register as an abbreviated version of their full name that contains (by way of inference or directly) a Capital City/State/Country name
 - Clubs who have their unique club name followed by the State they are located in are exempt from this rule.
- Any club that has two or more registered athletes (under the age of 18) that reside in a different state to the registered club, must register an additional club in that state and fulfill all requirements of FISAF Australia club registrations
- Athletes under 18 must have a registered coach from their club present for all training sessions and at all competitions. To be clear, this cannot be a coach from a club other than their own club
- International Stream athletes and/ National Stream adult athletes may be trained by the coach of their choice (within Australia). If this coach resides in a different state to the athlete, then approval must first be obtained from FISAF Australia (via the Executive and Technical Committees). Upon approval, any relevant rule provisions will be provided by FISAF Australia, which must be abided by throughout the season. Approval must be granted on a season-by-season basis
- Athletes youth age and below, competing in the Elementary and/ National Streams will not be considered for approval to be coached by someone outside of the state in which they reside, unless there are extenuating circumstances. This will be determined on a case-by-case basis.

Acceptances for new and current club registrations for the 2026 season will be considered based on the above requirements (but not limited to) being fulfilled.

The cost of the 2026 registration is **\$100.00** per club per annual year. This cost covers 1 x coach membership, as well as free access to use the 2026 music uploader account.

Club registrations for 2026 are now **OPEN.**

Club registrations for 2026 **must** be completed prior to **9 AM Monday 19th January 2026.**

PLEASE NOTE:

- The cost for *late* club registrations, purchased from 9 AM Monday 19th January, will be charged at **\$145.00** per club per annual year
- Event entries cannot be submitted until your club registration has been complete
- Club members will not be able to select their particular club from the drop-down box when completing their individual memberships until club registration has been complete.

HOW TO REGISTER YOUR CLUB

It is important to note that clubs & Schools (competing in the School, Elementary, National & or International Stream's) must register their club/studio **prior** to athletes completing their own individual memberships.
